15 to 20 Minutes
Your choice of 3 Images
Proof Gallery of 15+ Images

*From your session I will choose the best 15 + images to show you in your online gallery. From here you will be able to select your favourite 3 images for me to edit.

If you find you love more than 3 pictures that's okay additional ones can be purchased for \$40 each or by choosing a collection listed on the next page (collections have built in value and savings).

\$150 + HST

Sessions are all inclusive with no further purchases required (although upgrade options are available), come with your edited images as high resolution digital files + print release, access to professional print products + ordering gallery, plus other gorgeous custom items you can't get anywhere else! Please note that un-edited images or the images you did not choose/purchase are not provided.

PRINT PRODUCTS

One of the things I pride myself on is being able to offer fine art print options to my clients. All prints are of superior archival quality and are printed using pigment based inks and museum grade papers. You will be able to order products after your images have been edited.

PHOTOGRAPHIC FINE ART PRINTS

	SEMI-GLOSS	WATERCOLOUR
5x7	\$17.50	\$25
8x10	\$25	\$32.50
11x14	\$35	\$42.50
16x20	\$60	\$67.50

With my current inks and papers the gorgeous watercolour print pictured is rated to last 120 years framed behind glass or 250 years in an album or dark storage (that's before colours start fading). A print from a regular lab will only last a few years before the colours begin to fade!

WOODEN PHOTO BLOCKS

5x5	\$37.50
8x10	\$62.50
11x14	\$79
12x12	\$85
12x16	\$95
16x20	\$135

The print is paired with a wooden block, the edges are sanded and lastly a protective coating is applied with visible brush strokes. This is by far my most popular sought after product!

CHRISTMAS ORNAMENTS

Your photo placed on a wooden ornament, the edges are sanded and a protective coating is applied. Ornaments are hung by a twine string.

Sizes range and shape is chosen based on image selected to allow for best crop.
